Board President Karen Gray welcomed everyone and wished all the school administrators in and out of the room a “Happy School Administrators Week”! She knows that each of them has a special play in what they do for our children’s success and that they are greatly appreciated! She also wanted to give the AEC a ‘super hi-five’ for getting the accreditation and the work they do at the AEC in support of their students there is phenomenal! She also thanked the Fort for supporting us in getting the grant that help us with getting our sports “stuff” updated. Lastly, she mentioned that Orange County is now looking into another area for residential placement of the sexually violent predator which is good news for Newberry Springs and our District.

D) Administration

4.5 Superintendent's Report

Superintendent Jesse Najera mentioned the SVHS Military Appreciation football game was a great event. The support from the military was greatly appreciated with them having the Blackhawk aircraft there for everyone to see along with a military tank which was really nice, and to have the presence of the leadership from both installations there was awesome. The game was exciting to see and it was a great family night, the high school did a great job with this. He also mentioned that the SVHS Volleyball just finished their season undefeated in league 14-0, 17-2 overall and are on their way to the playoffs, as well, and he offered his congratulations to the team!

Lastly, the Superintendent mentioned that he had the opportunity to meet with Congressman Jay Obernolte and encouraged him to support the increases that are being proposed, as well as to join the Impact Aid coalition. The Congressman is a big advocate of Impact Aid and suspects that he will do both.

4.6 Enrollment/ADA Report

Current enrollment is at 1942, approximately 65 less from last year.

4.7 SVUSD Soundbites

Assistant Superintendent Jeff Youskievicz shared with the Board that Anna Calderon-Jackson, who helped us with securing the STEM and SHAPE grants, and is our external evaluator and report writer for these, had the opportunity to visit our schools (SVHS, FIMS, TVIS and LES) last week. She was very impressed with what she saw with our STEM labs and our Wellness rooms, and can now better write our story on how we are implementing the elements of these grants.

Secondly, Mr. Youskievicz reminded the Board members to take the opportunity to look at the bulletin boards in the district office hallways to view the artwork from our talented students. Every month a school gets to display their students' amazing artwork, and this month Fort Irwin Middle School did a great job!

Assistant Superintendent Marc Lacey shared with the Board that we would like to recognize our grounds crew and operations lead, Matt Matteson with all the work they have been doing with the sports complex at the high school. This project has been quite the undertaking, and they have been very involved with helping with all the prep work and still getting all their other responsibilities done, and their hard work is really appreciated!

Lastly, Marc Lacey shared that the AEC had their mid-cycle WASC visit by two new individuals, and they were very impressed with all that they have seen with what the AEC is doing for their students, and from what they have heard from staff, students, and the community. In addition, a week or two prior to this visit, the Adult Education program had their first visit for WASC Accreditation and was notified that they will be officially accredited in January 2022, as well, which is outstanding!

4.8 Legislation Updates

Superintendent Jesse Najera mentioned a bill was introduced called the "Advancing Toward Impact Aid Full Funding Act" which is bipartisan and sets a 5-year "glide path" to get us full funding for Impact Aid and is hoping that will get some momentum in the House and Senate. Another more realistic bill, they recently introduced another hold harmless which means we can use last year's numbers on our Impact Aid surveys this year which we will track closely can make a big difference for our district.

Board President Karen Gray mentioned that the Governor recently signed AB 438 that has to do with Classified Employee layoffs, and asked if this will effect Silver Valley which the Superintendent Jesse Najera shared that it should not as it is not a practice to do layoffs here in the District. It may affect us one day should we ever need to do layoffs.

Board President Karen Gray asked if there were challenges with the AB 130 regarding the Independent Study and getting contracts signed and being sure that our ADA is up. Superintendent Najera assured Mrs. Gray that we have a great relationship with our auditors, CDE and Mercedes Shinen, and we have a great contract and system in place. Right now we have over 97% of our students who are doing in-person instruction and we are proud of that. For those students who are choosing the LTIS or a virtual environment we are in compliance.

E) Military Reports

4.9 Fort Irwin Commanding General's Representative Comments

Fort Irwin Commanding General's Representative Garrison Command Sergeant Major Fedorisin shared that Col. Clarke sends his regards and is out of town this week to attend the AUSA. He also shared that he, along with Col. Clarke were able to participate in the AUSA North and South segments of the CA Coalition Alliance, and was able to meet with the military counselors of DCIP in Sacramento regarding potential grants for smaller projects. Board President Karen Gray encouraged him to speak with SVUSD staff regarding possible partnerships, as well as just the grants.

Lastly, Col. Fedorisin shared with the Governing Board that the Military Appreciation event held by SVHS was awesome! He has been in the Army for over 22 years, and "hands-down", Silver Valley USD has been the best in outreach support for the military that he has ever seen and appreciates all that we do!

The LEA

8.2 Contract with Cooperative Strategies

For more than 25 years, Cooperative Strategies has helped plan and finance school facilities for more than 2,000 Local Educational Agencies (LEAs) across the nation. It is their philosophy to provide relationship-based consulting services primarily to LEAs; and believe it is important to thoroughly understand their clients' specific needs, which cannot be done as efficiently as consultants that serve competing public-sector entities. Furthermore, they believe in building long-lasting partnerships to aid their clients in achieving their long-term goals and objectives. Given their expertise in analyzing and evaluating demographic data, Cooperative Strategies is uniquely qualified to assist School Districts with demographic services in relation to compliance with the California Voting Rights Act (CVRA). They have provided similar services to more than 50 LEAs across the State of California which makes them intimately familiar with the necessary requirements under the CVRA and the Federal Voting Rights Act (FVRA).

8.3 Resolution No. 21-22-14: American Education Week, November 15–19, 2021

Distressed that 25 percent of the country's World War I draftees were uneducated and 9 percent were physically unfit, representatives of the National Education Association and the American Legion met in 1919 to seek ways to generate public support for education. Consequently, American Education Week was first observed December 1921. The NEA Representative Assembly called for one week each year to spotlight education and has been observed the first full week before Thanksgiving. Education Week is observed in all communities annually for the purpose of informing the public of the accomplishments and needs of the public schools and to secure the cooperation and support of the public in meeting those needs. The first observance of American Education Week occurred December 4-10, 1921, with the NEA and American Legion as the co-sponsors. A year later, the then U.S. Office of Education joined the effort as a co-sponsor, and the PTA followed in 1938.
