Lastly, he honored the recipients of the John Murphy Award and the Jill S. Kemock Award. Ericson Reyes, Occupational Therapist received the John Murphy Award. He does an outstanding job for us and we appreciate his work. The Jill S. Kemock award went to a person who works in Jill's old department and she was very proud of this department, and this award went to Selena Sanchez, Payroll Technician.

4.5 Enrollment/ADA Report

The current enrollment is at 1994 students with an attendance rate of 95.72%.

4.6 Legislation Updates

No Legislation updates were given.

4.7 SVUSD Soundbites

Assistant Superintendent Jeff Youskievicz shared with the Board that for the week of July 24-28, we held our PD training for our teachers in Math, Language Arts, and any new curriculum we are offering.

One of the trainings offered was Orton-Gillingham training for structured literacy that we offered to our K-3 grade teachers. It is a very intense 5-day training. We started this training last year and the teachers who attended it then loved it so we brought it back again this year because of where we need to go with our students. He has received a lot of great feedback from the teachers on this. One teacher in particular, Elaine Lambert, stated this was the best ELA training she has had in a very long time, and she has been in the job for a long time and knows many things and she does, but this training has taught her quite a few new things. She loved it and appreciated it. He appreciates her and the conversation, as well as, the opportunity to be able to provide trainings such as this.

The Resource Fairs went well at the Fort and here in the Valley. We invited our families to come out and meet the Principals and staff, and be able to ask questions and such. We also had the First Student, CNS dept., Cheri Rigdon was there with the SpEd dept., and Kami Murphy was there for Student Health and Wellness providing kids with resources. The schools handed out swag, shirts, and other items to take with them. We also received a large donation of toys and the kids who attended the fair were able to spin a wheel and get a toy. Both fairs were well attended and look forward to doing this again next year.

Assistant Superintendent Marc Lacey shared his appreciation to Rob Saffel and his team for the amazing work they did with getting the schools ready. The sites looked stunning and appreciate their hard work this past summer.

In addition, he wanted to give a “shout-out” to the HR staff, Mercedes Shinen and Debbie Sorenson, for the amazing hard work they did with staffing, and as of today, we will have all teaching staff fulfilled and not many districts can say that as they start school.

D) Certificated/Classified Reports

4.8 CSEA Representative Report

CSEA Representative, Anna McClaine, shared with the Board that she had the opportunity to attend the District Leadership Retreat in Big Bear, CA. This retreat gave her a different perspective on the district, and she was able to collaborate with the leadership that she does not normally get to do on a day-to-day basis. She is very thankful that she, and CSEA, could be a part of this.

On behalf of CSEA, she extended her appreciation to Mr. Lacey for allowing the members the time to vote on an article that they were trying to negotiate. They were not able to finish that but look forward to working with him this year.

CSEA wanted to give a “shout-out” to one of their members, Juan Landeros. He is a custodian at Fort Irwin Middle School. He consistently goes “above and beyond” to deliver exceptional results, his hard work and dedication is a great example to everyone at Silver Valley!

Lastly, she thanked SVEA President Deb Farrington for helping their chapter set up the Welcome Back facility so that they were able to hold their union meeting at the high school.

4.9 SVEA Representative Report

SVEA Representative, Deb Farrington, shared with the Board that she is looking forward to working more closely with CSEA this year bouncing ideas back and forth, and it was nice touching basis with Anna concerning the meeting.

The Welcome Back Breakfast was greatly appreciated and we as teachers enjoyed being able to see everyone. We don't get to see each other abroad as valley teachers do not go to the fort to visit the fort teachers and fort teachers do not come down to visit the valley teachers, it was nice seeing our friends and catching up with them. In addition, the kitchen staff always do such a nice job and she appreciates them.

The beginning of school this year has been one of the smoothest ones they have ever had. It has been very calm and nice from what she can see at Yermo. The kids knew what to do with the exception of a few lost souls here and there that might have needed some help. Overall, it has been a great beginning of the school year. She has not received any complaints of any kind and is appreciative of all the work HR continues to do. She had a conversation with Marc concerning a SpEd position and it is disconcerting on hard it is to get positions filled. The enrollment right now is phenomenal!

E) Board

4.10 Board Member Reports

Board Member Heather Reid welcomed everyone back and hoped they all had a nice summer. She hopes that the school year will continue to go well.

Board Member Lynn McKee shared that she was able to attend the Welcome Back Breakfast, and it was a nice event with getting everyone back together. She also stated that the school sites look great and the whole team did a great job especially Rob and his team. Lastly, she stated she has heard good things from people in her community regarding the start of school.

Board President Karen Gray shared that she was not able to attend the Welcome Back Breakfast due to illness and echoed what the other members had to say. She did attend and appreciated the District Strategic Planning session and thanked those who went. She probably was not as articulate as she could have been when asked to speak. When she heard the talks and conversations about the challenges and the positives, and the good things and the things that we need to do to help the children be successful, and not just successful in test scores but more in student success and health, and whether they feel successful and living to those next levels is very humbling. She is very impressed and grateful for the work everyone does. As a board member, she can only listen and ask questions. She cannot tell teachers or administration what to do and does not want to do that, but will always listen. After being on the board for over 20 years, we have done a lot for our students over the years, there has been a lot of movement and success, and one of the comments she made was the need for flexibility. She just does not know how you can push more into the day, into the staff, and the kids, and feels that flexibility is needed. She has had conversations with Jesse regarding this and will see how things go. We have a lot of great people and great families, and for her, it is about every student feeling successful. She thanked everyone and expressed that the people be sure to take care of themselves.
