## School Accountability Report Card

### Reported Using Data from the 2017-18 School Year

#### Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

**Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)**

**Year and month in which data were collected:** August 2018

Pursuant to the settlement of Williams vs. the State of California, Silver Valley Unified School District thoroughly inspected each of its school sites at the start of the 2018-19 school year to determine whether or not each school had sufficient and good quality textbooks, instructional materials, and/or science laboratory equipment. The date of the most recent resolution of the sufficiency of textbooks is September 11, 2018

All students, including English Learners, are given their own individual textbooks and/or instructional materials in core subjects, as well as, foreign language, for use in the classroom and/or to take home if necessary. Additionally, all textbooks and instructional materials used within the district must be aligned with the California State Content Standards and frameworks, with final approval by the Board of Education. The table displays information collected in August 2018 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

Situated on 40 acres, Silver Valley High School was originally constructed in 1983. The campus is comprised of eight permanent classrooms, 17 portable classrooms, an industrial arts building, a library, a gymnasium, four computer labs, and track and ball fields .

**Cleaning Process**

The school provides a safe and clean environment for students, staff, and volunteers. The district governing board has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. The principal works with the custodial staff to develop sanitation schedules that ensure a clean, safe, and functional learning environment.

**Maintenance & Repair**

A scheduled maintenance program is administered by the District's maintenance staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by Silver Valley Unified School District, including regular facilities inspections, to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention.

Repair requests are completed efficiently and in the order in which they are received. The chart below displays the results of the most recent school facilities inspection, provided by the district.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	65.0	71.0	48.0	53.0	48.0	50.0
Mathematics (grades 3-8 and 11)	33.0	36.0	39.0	39.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2017-18)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	78	77	98.72	71.43

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group  
Grades Three through Eight and Grade Eleven (School Year 2017-18)**

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Science for All Students

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

## Career Technical Education Programs (School Year 2017-18)

Silver Valley High School strives to graduate citizens who are fully capable of functioning and prospering in our society. The school's preparation program prepares students to succeed through the development of conceptual thinking, effective communication, and the ability to apply knowledge and skills learned in the classroom to real-world contexts. Curriculum and instructional strategies that foster critical thinking, problem solving, leadership, and academic skills are consistently taught to ensure work-readiness skills.

The school addresses the needs of all students, including those interested in career/technical education, through guidance and counseling from school personnel regarding career paths and courses of study. Speakers from the community, job shadowing, work experience, SPED training, use of technology, career-related research projects, and community service projects are made available to heighten student awareness of options for education, training, and employment beyond high school. All seniors must create a senior portfolio prior to graduating. This process helps them to develop skills necessary for applying to jobs, such as resume writing and interviewing techniques.

The following Career Technical Education (CTE) programs are offered at the school:

- Microsoft Office Specialist
- Automotive Systems I
- Automotive Systems II
- OdysseyWare Academy

Health, STEM, and several Career Exploration courses

All of the above-listed courses incorporate state-adopted CTE model curriculum standards, meet district graduation requirements, and/or satisfy A-G entrance requirements of the CSU/UC systems. All courses are evaluated based on mastery of "employment readiness standards", both basic and industry-specific, results of career-technical skills assessments, and/or placement of program completers in employment, post-secondary education, or the military. For more information about Career/Technical Education and/or the District's Regional Occupation Program, please contact Principal Sullivan.

### School Safety Plan (School Year 2018-19)

The safety of students and staff is a primary concern of Silver Valley High School. All guests to the campus must sign in at the office and wear a visitor's badge at all times. Supervision is provided to ensure the safety of each student before school, during breaks, at lunch, and after school. Supervision is a responsibility shared among campus assistants, classified staff, teachers, and administrators.

To safeguard the well-being of students and staff, comprehensive School Site Safety Plans have been developed for each site by the district. The Safety Plans were most recently updated in March 2018, with all revisions reviewed immediately with the staff. Key elements of the Safety Plan focus on the following: school rules and procedures, disaster procedures, current status of school crime, notification to teachers, child abuse reporting procedures, school-wide dress code, routine and emergency drills, sexual harassment policy, policies related to suspension and expulsion, maintaining a safe and orderly school environment, safe ingress and egress of pupils, parents and school employees. ### Professional Development (Most Recent Three Years)

A constructive evaluation process promotes quality instruction and is a fundamental element in a sound educational program. Evaluations and formal observations are designed to encourage common goals and comply with the state's evaluation criteria and district policies. Temporary and probationary teachers are evaluated twice a year and tenured teachers are evaluated every other year.

Evaluations are conducted by the principal and assistant principal, who have been trained and certified for competency to perform teacher evaluations. Evaluations are based on the "California Standards for the Teaching Profession", which include the following: engaging and supporting all students in learning, understanding and organizing subject matter for student learning, assessing student learning, creating and maintaining effective environments for student learning, planning instruction and designing learning experiences for all students, and developing as a professional educator.

Staff members build teaching skills and concepts through participation in conferences and workshops throughout the year. The district also sponsored various staff development days during the 2017-2018 school year. Teachers were offered a broad-based variety of professional growth opportunities in curriculum, teaching strategies, and methodologies.

For additional support in their profession, teachers may enlist the services of the district's California Teacher Induction (CTI) program and support provider and/or the Peer Assistance and Review (PAR) Program.
