Proposed Partnership for Silver Valley Unified School District

Panorama Proposal:

Panorama for Feedback Surveys & Student Success is your all-in-one solution to:

- Hear from and understand your community with research-backed student, family, and staff surveys customized to measure your priorities
- Use the lived experiences of your community to inform strategic planning and [LCAP](#)
- Equip school and district leaders with student, family, and staff feedback to create a school climate that boosts student outcomes
- Drive individualized student and staff supports based on self-perceptions of strengths as learners and educators
- Streamline academic, attendance, behavior, and social-emotional learning data to be all in one place, providing a whole-child view of each student on a user-friendly platform
- Utilize early warning indicators to proactively identify students in need of additional support
- Support students by creating, tracking, and progress monitoring interventions
- Measure student growth and the efficacy of interventions
- Proactively support behavior
- Measure social-emotional learning

Panorama for Student Success:

- Family Surveys
- Teacher and Staff Surveys
- Student Climate and SEL Surveys
- Check-Ins
- Student Success, MTSS Platform
- Behavior Logging
- Playbook
- Training and Professional Development

Panorama Education for Valid and Reliable Feedback Surveys

[Panorama SEL Survey
for Students,
Teachers & Staff](#)

[Family-School
Relationships Survey](#)

Survey](#)

[Panorama Equity &
Inclusion Survey](#)

[Panorama Teacher
& Staff Survey](#)

[Panorama Student
Check-In Surveys](#)

Research into teaching effectiveness and school climate shows that **student voice** plays a powerful role in helping schools and districts **create engaging educational experiences**. Panorama provides districts with a [best-in-class](#), customizable survey instrument that shows substantial evidence of reliability and validity. Over 15 Million students nationwide take Panorama surveys, helping their districts to design effective teaching practices and build more engaging learning environments.

[Panorama's SEL Survey](#) was developed in partnership with Dr. Hunter Gehlbach and the Harvard Graduate School of Education. We developed our student surveys using a rigorous six-step design process that builds reliability and validity into them from the beginning (Gehlbach & Brinkworth, 2011; see also Artino, La Rochelle, DeZee, & Gehlbach, 2014). We analyzed data from millions of students in thousands of K-12 schools across the U.S to demonstrate the psychometric strength of our surveys.

Hunter Gehlbach, PhD
*Senior Research Advisor
Panorama Education*

*Professor and Vice-Dean of
Johns Hopkins School of
Education*

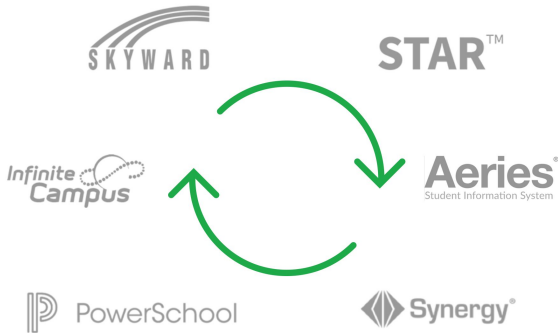

Specifically, findings showed that:

1. Almost all students answered all of the questions in a topic. Even for the topic with the lowest completion rate, 93.3% of respondents answered every question, suggesting that non-response bias is not an issue for our survey results.
2. Our survey topics exhibit strong reliability by exceeding the conventional thresholds of internal consistency.
3. Our topics demonstrate strong structural validity, meaning that the items making up each topic do indeed belong together as part of a single construct.
4. Our topics evidence both convergent and discriminant validity in that they show higher correlations with theoretically related constructs and lower correlations with theoretically unrelated constructs.

This report ([Reliability and Validity of Panorama's Survey Topics for Students: 2020 Update](#)) provides psychometric evidence for the reliability and validity of our student topics. Panorama's surveys therefore offer schools and districts a research-backed means for measuring the social-emotional learning and school climate variables that undergird child development and academic growth.

Panorama Student Success

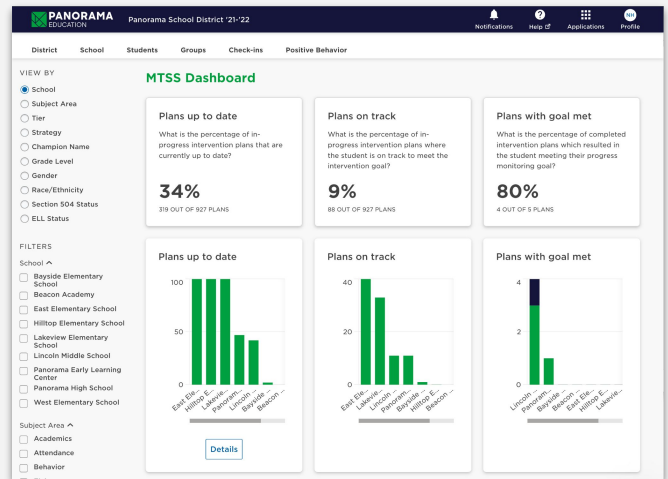

Work with the most up-to-date, comprehensive student data

- Daily syncs with SIS, assessment, and behavior systems
- Assessment integrations that matters most to you at no additional cost.
- Bring together academic, attendance, behavior, and SEL data on a single platform

Understand your MTSS strengths and areas for support

- Easy-to-understand dashboards to assess impact and fidelity of your MTSS
- Full historical records for every student, including transfer students

Make data-informed decisions on MTSS resourcing to optimize student supports

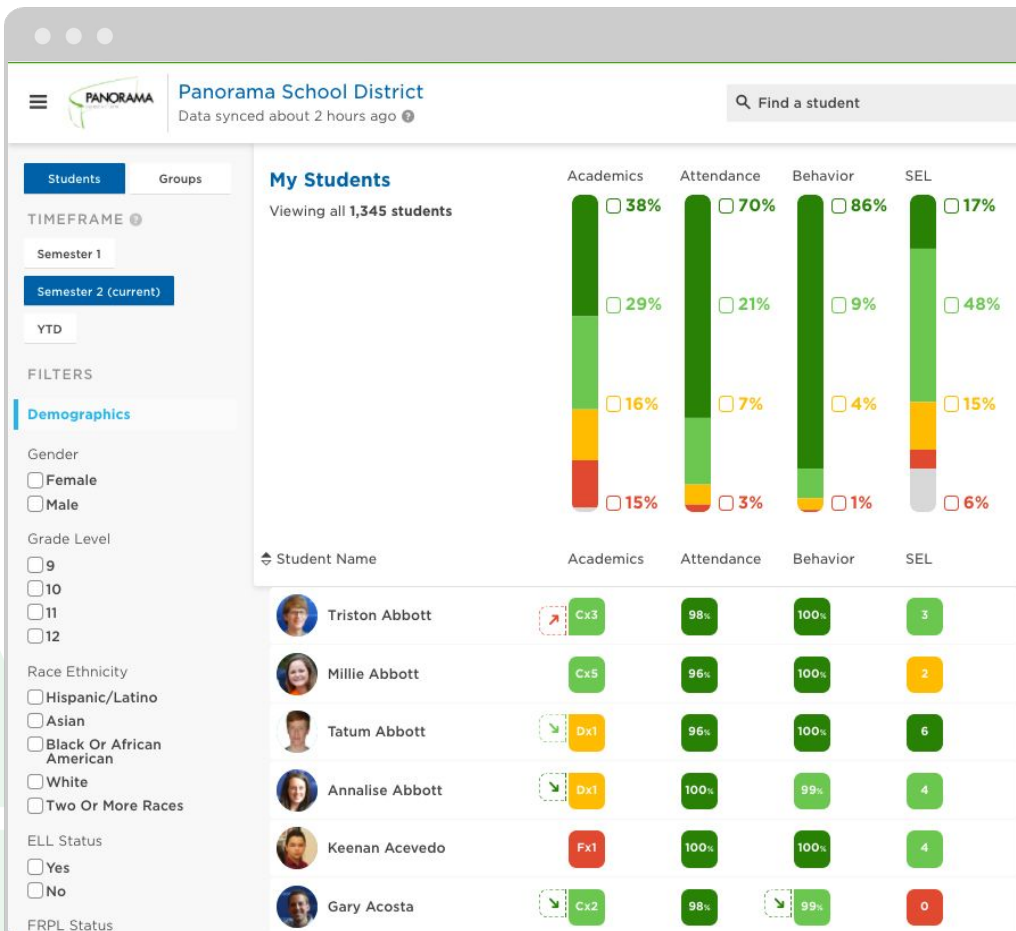

- Time-saving tools to invest in strategies that strengthen Tier 1 supports and targeted, individualized interventions
- District-approved, research-based intervention recommendations to drive student outcomes
- Real-time intervention and progress monitoring tools to measure how students are responding to plans

Panorama Student Success

Track the Whole School's Progress: See progress data across academics, attendance, behavior, and social-emotional learning for all students in a unified dashboard. Indicators are updated daily, so educators are never more than one click away from the most up-to-date student progress data, ensuring that preventative steps can be taken the day a student slips off track.

Analyze Attendance Trends: School administrators receive a daily snapshot of attendance data, including frequently/recently absent students. Users can click on a specific day to view in-depth metrics, or look at other key metrics like 30-day rolling average attendance.

Explore Trends by Custom Groupings: Educators can build "Smart Groups" that filter students across demographics (i.e. 9th Grade Boys), at-risk indicators (i.e. Students with more than 1 F), intervention membership (i.e. Students Receiving Tier 3 Behavior Supports) and more.

School-Wide Indicators

Monitor school-wide trends in academics, attendance, behavior, and SEL. Sort by students who are at risk or those on track in each area.

Custom Filters

Filter roster by students' demographic information, or upload custom filters such as mobility, program participation, counselor assignment, and more.

Student Trends

See a list of students' recent changes for each indicator and click in to view their full Student Profile to identify what's causing certain patterns.

Panorama Student Success

Keep Each Student On-Track: Dig deep on a student's holistic progress by exploring academic, attendance, and data for each student. Educators will also have access to benchmark and formative assessment data, as well as standards-based grading.

Create Support Plans and Track Effectiveness: Educators will see former and current intervention enrollment for each student. They will also be able to select from intervention menus to create support plans tailored to each student's unique needs, as well as track the efficacy of those interventions.

Real-time progress monitoring: Using the Supports and Interventions tool within Student Success, educators, school and district leaders can create an intervention and monitor progress with data across groups of students.

The screenshot displays the Panorama Student Success interface, divided into several key sections:

- Student Profile (Brian Liburd):** Shows personal and academic details. A "Critical" alert indicates Brian's lowest grade in Semester 2 (current) is an F or worse. Progress bars for Coursework (Dx1) and SEL (2) are shown.
- Create an Intervention:** A form to set up a new intervention. Subject: Literacy. Interventions: Lexia Reading Core5 + FAST CBMreading. Supporting Staff: Roger Zhu. Duration: Oct 22, 2018 to Nov 26, 2018. Frequency: Weekly.
- Supports and Interventions:** A dashboard for a group of 4 students (Shirley Cobb, Melody Bucchin, Giovanni Borsos, Huong Bello) on the FAST CBMreading intervention. It includes a progress summary (1 Goal Met, 2 On Track, 1 Not on track) and a support team note from Sarah Robinson and Roger Zhu.
- Supports and Interventions (Group Math practice):** A dashboard for a group of 4 students on the Group Math practice: place value intervention. It includes a progress summary (3 On Track, 1 Not on track).

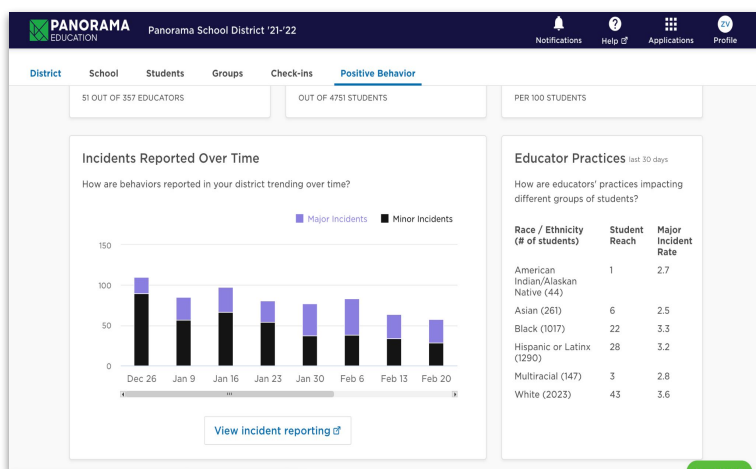

Panorama Behavior Logging

Flexible desktop behavior incident logging

- Log major and minor behavior incidents necessary for team problem-solving
- Customize major incident details to include perceived motivation as well as incident antecedent and consequence
- Nightly exports of major incidents are available to manually upload into your SIS

Make data-informed decisions to strengthen your MTSS programs

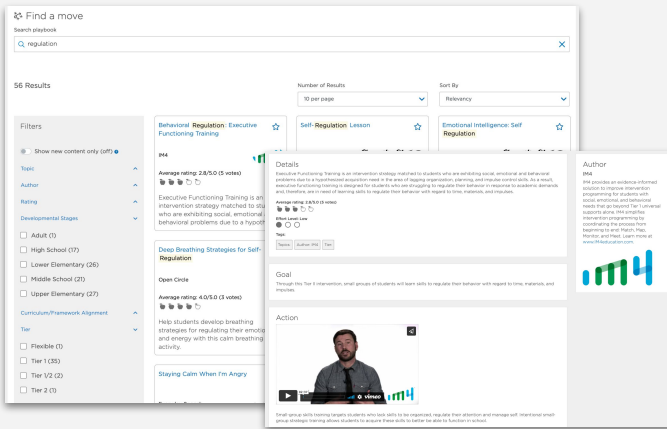

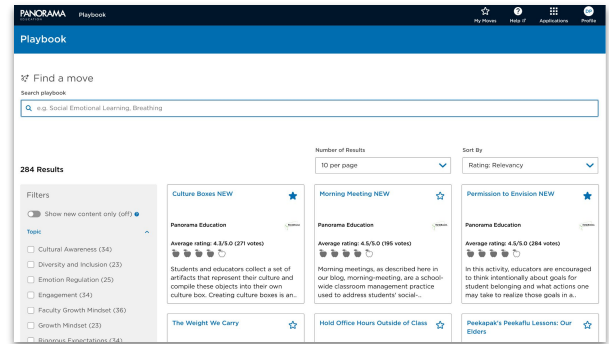

- See all of your school or district's behavior data in one place
- Filter by specific incident attributes to inform both systemic action and individual/group student intervention
- Rely on powerful visualizations for Big 5 trends, major and minor incident rates, and more

Exclusive for Panorama Partners: Playbook

A Library of Academic, Behavioral and SEL Intervention Strategies

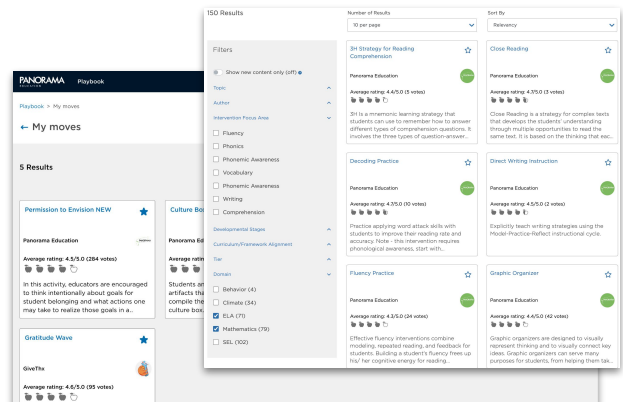

Playbook provides educators **700+** research-based interventions for students. It is designed based on educator feedback and user testing to ensure it makes the process of learning about how to deliver intervention strategies efficient and easy.

Explore **80+** behavior interventions and narrow your focus by using Playbook's search bar and filters. Educators can filter by tier, developmental stage, framework alignment, and more!

This carefully curates your library of interventions and build educator capacity to approach behavioral supports through an asset-based lens.

Educators can explore **100+** academic ELA and Math interventions. Save strategies to curate your go-to list of tried and true interventions focused on fluency, comprehension, computation, problem-solving, phonics, writing, and more. Educators benefit from easy-to-follow instructions to ensure interventions are carried out with fidelity.

Professional Learning with Panorama: *Exceptional Learning Experiences*

At Panorama, we believe that **data is only as valuable as it is actionable**. Our professional learning experiences ensure that educators not only understand their data, but are equipped and inspired to take timely, supportive actions.

We take pride in building high-quality learning experiences that are grounded in adult learning theory, research, and best practices.

In collaboration with our school and district partners, we develop professional learning plans that drive investment and that move educators across the district into action as a united team.

About the Panorama Teaching & Learning Team

At our core, we are a team of educators. Each of our facilitators started their career directly serving students as teachers, counselors, and interventionists.

Together, our team of over 30 accomplished educators has decades of combined experience, including in school and district leadership, special education, system improvement, MTSS, data-driven instruction, and curriculum development.

Panorama's Teaching & Learning Team has trained

75,000+

school and district administrators, teachers, and counselors.

On average, educators rate their Panorama learning experiences as

over 90% favorable

compared to other professional development.

What you can expect from a partnership with the Panorama Teaching & Learning Team

- A learning plan aligned to your district or school's unique needs and context.
- Relevant and inspiring learning experiences featuring data insights that lead to action.
- A student-, family-, and community-first approach to data inquiry.

Panorama Cost and Offerings

Project	Annual Cost
Panorama All Stakeholder Surveys/SEL, Check-ins, and Student Success <i>(project support & professional development sessions included)</i>	\$29,500

Details	
Panorama Surveys License (SEL + Surveys)	<ul style="list-style-type: none"> ● Access to Platform and Support (as defined in the Terms and Conditions): Survey administration, analysis and reporting ● Feedback surveys: Student and staff and family ● SEL surveys: SEL measurement ● Resources covering survey creation, administration, and support with data inquiry ● Access to Panorama’s Playbook
“Student Success” Early Warning & MTSS Platform <i>(included in above cost)</i>	<ul style="list-style-type: none"> ● Ongoing integration of SIS & standard filters into Student Success platform. Includes behavior, attendance, coursework, rosters, and demographics ● Ongoing integration of supported assessments into Student Success platform. ● Behavior analytics reporting. Includes: Incident Action; Incident Outcome; Month; Day of the Week; Severity (Major/Minor); Location. ● Intervention tracking ● Check-ins
Project Management <i>(included in above cost)</i>	<ul style="list-style-type: none"> ● Dedicated Panorama support team who will work with the partner’s main point of contact to execute project timeline, support integration process, customize configurations, coordinate platform roll-out, and provide ongoing support ● Client Resource Library: Includes how-to guides and materials for activities, and presentation templates for building buy-in
Training & Professional Development <i>(included in above cost)</i>	<ul style="list-style-type: none"> ● Virtual platform preview and rollout strategy session with project team (1 hour) ● 2 Virtual train-the-trainer sessions for up to 50 participants (90-120 minutes) ● Ongoing access to recorded tutorials and community workshops

Panorama Partnership Timeline

Kickoff, Integration, and Initial Launch

Action	Date	Description
Contract Executed	November 17th	<ul style="list-style-type: none"> Panorama and partner finalize project scope and both parties sign service order agreement.
Project Launch Call	Week of November 27th	<ul style="list-style-type: none"> Meet with Panorama project team to align on vision and goals.
Partner provides Panorama access to data systems	Week of December 4th	<ul style="list-style-type: none"> Partner technical team will provide Panorama with access via direct access or SFTP to SIS and supported assessments in order to meet integration timeline.
Integration	Week of December 11th	<ul style="list-style-type: none"> Panorama's technical team completes data integration and configuration Panorama will work with partner's technical team to troubleshoot any integration roadblocks Simultaneously, we can open the window for SEL surveys
Preview for Leadership	Week of January 22nd	<ul style="list-style-type: none"> Panorama will preview the Student Success platform for leadership Make adjustments and troubleshoot any feedback from partner team
Initial Launch	Week of January 29th	<ul style="list-style-type: none"> Initial users gain access to Panorama. Panorama provides virtual training around platform navigation and action planning.

Panorama for Student Success

Student Success is a tool that our teachers and interventionists use as a one-stop shop for data on academics, attendance, behavior, and SEL, as well as visibility into our district benchmarks and state assessments. It's been a great tool for our MTSS implementation.”

→ Hear from [Mehlville School District \(MO\)](#)

Our partnership with Panorama has helped us reduce feelings of frustration and being overwhelmed as we work to implement our vision for the whole child and MTSS.”

→ Hear from [San Angelo ISD \(TX\)](#)

About Panorama Education

Panorama Education is an independent, secure software platform that school districts use to first understand how each student is progressing in all aspects of their education—academics; life skills, behavior; social-emotional learning; college and career readiness—and then use that understanding to create and coordinate personalized support so that every student gets what they need to deserve to thrive.

Our products are grounded in research and evidence, used in 2,000 school districts in all 50 states, and built with a rigorous commitment to data security and privacy.
