Re: Yermo Middle School - One 36'x46' Shade Structure

Dear Mr. Najera:

Thank you for the opportunity to submit our proposal for the referenced project. The proposed scope of work consists of site design for one 36'x46' pre-engineered shade structure, upgrade ADA parking and other related site improvements. The proposed services include the following:

- Site design, detailing and specifications.
- Coordination with shade structure manufacturer.
- Civil engineering and topographic survey if required.
- Submittal and approval by DSA.
- Assistance with competitive bid process.
- Field administration / project management.
- Assist with project closeout.

Exclusions:

- Consulting engineers (geotechnical, mechanical, electrical and structural).
- Governing agency fees.
- Hazardous material identification and abatement.
- Printing of bid/construction documents.
- ADA upgrades outside of scope listed above.
