

BOARD POLICY 6158: INDEPENDENT STUDY

Comparison Chart

Section: Instruction

SUMMARY OF UPDATE

Summary of Update: Policy updated to reflect **NEW LAW (AB 167, 2021)** which relaxes certain independent study (IS) requirements with respect to any student who is unable to attend in-person instruction due to a quarantine or school closure during the 2021-22 school year and to incorporate California Department of Education program clarifications, including that a district is permitted to (1) require students who cannot participate in classroom-based instruction during the school year due to quarantine or school closure because of infection with or exposure to COVID-19 to participate in IS, (2) claim apportionment credit for such students' participation in IS for fewer than the minimum three consecutive days generally required for IS, and (3) obtain a signed written agreement from each participating student not later than 30 days after IS begins, rather than before a student may participate in IS.

CSBA NOTE: Education Code 51745-51749.6 authorize districts to establish independent study programs to meet the educational needs of students. Pursuant to Education Code 51745, as amended by AB 130 (Ch. 44, Statutes of 2021), for the 2021-22 school year, all districts are required to offer independent study to meet the educational needs of students.

AB 167 (Ch. 252, Statutes of 2021) amended various Education Code provisions related to independent study, as reflected throughout this policy and the accompanying administrative regulation. Education Code 51747, as amended by AB 167, authorizes a district to receive apportionment credit for independent study for any student who is unable to attend in-person instruction due to a quarantine, under a local or state public health guidance, for exposure to or infection with COVID-19 or due to a school closure for COVID-19, pursuant to Education Code 41422.

Education Code 51747, as amended by AB 130, mandates that the Governing Board adopt a policy with specified requirements as a condition of receiving state apportionments for independent study students. In addition to meeting the requirements specified by Education Code 51747, board policies must comply with rules and regulations adopted by the Superintendent of Public Instruction (SPI). Boards are encouraged to review independent study policies as the SPI adopts revised rules to reflect the new requirements of AB 130.

Education Code 51749.5 mandates that the Board adopt policy with specified components as a condition of offering a program of course-based independent study. The mandated components are reflected throughout this policy and the accompanying administrative regulation.

Commencing with the 2021-22 fiscal year Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, the State Controller is required to incorporate verification of the adoption of the policies and other requirements, including loss of apportionment for independent study pursuant to Education Code 51747 and 51749.5 for districts found to be noncompliant.

When developing policy on independent study, 5 CCR 11701 requires the Board to consider, in a public hearing, (1) the scope of its existing or prospective use of independent study as an instructional strategy, (2) its purposes in authorizing independent study, and (3) factors bearing specifically on the maximum realistic lengths of assignments and acceptable number of missed assignments for specific populations of students or adult students.

In the event of a school closure necessitated by an emergency condition pursuant to Education Code 46392, districts must develop a plan for offering independent study to affected students pursuant to Education Code 46393, as added by AB 130 and amended by AB 167. See BP 3516.5 - Emergency Schedules.

Independent study may be offered as a program within a school, as a charter school, or as an alternative school of choice pursuant to Education Code 58500-58512; see AR 0420.4 - Charter School Authorization, BP 6146.11 - Alternative Credits Toward Graduation and BP/AR 6181 - Alternative Schools/Programs of Choice.

1			<p>The Governing Board authorizes independent study as an optional alternative instructional strategy for eligible students whose needs may be best met through study outside of the regular classroom setting. Independent study shall offer a means of individualizing the educational plan. To serve students who desire a more challenging educational experience, whose health or other personal circumstances make classroom attendance difficult, who are unable to access course(s) due to scheduling problems, and/or who need to make up credits or fill gaps in their learning. As necessary to meet student needs, independent study may be offered on a full-time basis or on a part-time basis in conjunction with part- or full-time classroom study.</p>	<p>The Governing Board authorizes independent study as an optional alternative instructional strategy for students whose needs may be best met through study outside of the regular classroom setting. As necessary to meet student needs, independent study may be offered on a full-time or part-time basis and in conjunction with part- or full-time classroom study.</p>	
2			<p>The Superintendent or designee may provide a variety of independent study opportunities, including, but not limited to, through a program or class within a comprehensive school, an alternative school or program of choice, a charter school, and an online course.</p>	<p>No change</p>	

3		A student's participation in independent study shall be voluntary.	Except for students who, during the 2021-2022 school year, cannot participate in classroom-based instruction due to quarantine or school closure for exposure to or infection with COVID-19, student participation in independent study shall be voluntary.	<p>CSBA NOTE: Education Code 51747, as amended by AB 167, relaxes certain independent study requirements for the 2021-22 school year as to students who are unable to participate in classroom-based instruction due to a quarantine order or school closure due to COVID-19, including the requirement that participation in independent study be voluntary.</p> <p>The California Department of Education (CDE), in its 2021-22 AA & IT Independent Study FAQs, interpreted Education Code 51747 as permitting a district to require a student to participate in independent study under circumstances specified in the following paragraph.</p>
4		Independent study for each student shall be under the general supervision of a district employee who possesses a valid certification document pursuant to Education Code 44865 or an emergency credential pursuant to Education Code 44300. Students' independent study shall be coordinated, evaluated, and documented, as prescribed by law and reflected in the accompanying administrative regulation.	No change	
5		The minimum period of time for any independent study option shall be five consecutive school days.	Except for students who cannot participate in classroom-based instruction, as mandated by local or state public health guidance, the minimum period of time for any independent study option shall be three consecutive school days.	<p>CSBA NOTE: Pursuant to Education Code 46300, as amended by AB 130, the attendance of students participating in independent study for three or more consecutive school days will be included in computing average daily attendance (ADA) for apportionment purposes.</p> <p>However, for the 2021-22 school year, districts are permitted pursuant to Education</p>

				Code 51747, as amended by AB 167, to claim apportionment for fewer than three consecutive school days for students who cannot participate in classroom-based instruction due to a quarantine order or school closure due to COVID-19.
			General Independent Study Requirements	No change
1			For the 2021-22 school year, the district shall offer independent study, as specified in Education Code 51745, to meet the educational needs of students unless the district has obtained a waiver.	<p>No change</p> <p>CSBA NOTE: Education Code 51745, as amended by AB 130, requires districts to offer independent study for the 2021-22 school year only, and thereafter to offer independent study at their discretion. Districts may meet the requirement for the 2021-22 school year by contracting with a county office of education or by entering into an interdistrict transfer agreement with another district pursuant to Education Code 46600. In addition, the requirement to offer independent study for the 2021-22 school year may be waived for districts by the county superintendent of schools in the county in which the district is located if the district demonstrates that (1) offering independent study would create an unreasonable fiscal burden on the district or county office of education due to low numbers of students participating or other extenuating circumstances; and (2) the Board does not have the option to enter into an interdistrict transfer agreement with another district or to contract with a county office of education to provide an independent study option.</p> <p>For single-district counties, the waiver must be granted by the SPI.</p>
2			For the 2022-23 school year and thereafter, the Superintendent or designee may continue	For the 2022-23 school year and thereafter, the Superintendent or designee may offer and

			The minimum total school day for students participating in independent study shall be the same as required for their peers at the school who are receiving in-person instruction, except as otherwise permitted by law.	New paragraph added CSBA NOTE: Pursuant to Education Code 46100, the Board is required to fix the length of the school day for each grade level, in accordance with law. CDE, in its "Frequently Asked Questions," clarifies that independent study is not an alternative curriculum and that students in independent study are required to meet the same number of instructional minutes as their peers who are physically at the school site for their instruction.
3		Because excessive leniency in the duration of independent study assignments may result in a student falling behind peers and increase the risk of dropping out of school, independent study assignments shall be completed no more than one week after assigned for all grade levels and types of program. However, when necessary based on the specific circumstances of the student's approved program, the Superintendent or designee may allow for a longer period of time between the date an assignment is made and when it is due, up to the termination date of the agreement.	Because excessive leniency in the duration of independent study assignments may result in a student falling behind peers and increase the risk of dropping out of school, independent study assignments shall be completed no more than one week after assigned for all grade levels and types of program. When necessary based on the specific circumstances of the student's approved program, the Superintendent or designee may allow for a longer period of time between the date an assignment is made and when it is due. However, in no event shall the due date of an assignment be extended beyond the termination date of the agreement.	CSBA NOTE: Education Code 51747 mandates that the Board, in a public hearing, adopt a policy on the maximum length of time, by grade level and type of program, which may elapse between the time an independent study assignment is made and the date by which the student must complete the assignment. 5 CCR 11700 defines "type of program" as the statutory program category for purposes of attendance accounting, such as adult education or continuation high school. In addition, 5 CCR 11701 mandates that Board policy reflect an awareness that excessive leniency in the duration of independent study assignments can result in a student falling so far behind peers as to increase, rather than decrease, the risk of dropping out of school.

					The following paragraph sets one week for all grade levels and types of programs as the maximum length of time an independent study assignment should be completed, and should be revised to reflect the length of time determined by the Board. In order to ensure that apportionment credits are received, the length of time determined by the Board in its policy should be reflected in the student's written agreement. See the section "Master Agreement" below.
4		An evaluation shall be conducted to determine whether it is in a student's best interest to remain in independent study whenever the student fails to make satisfactory educational progress and/or misses three assignments. Satisfactory educational progress shall be determined based on all of the following indicators:	No change		CSBA NOTE: Education Code 51747 mandates that the Board, in a public hearing, adopt a policy which specifies the level of satisfactory educational progress and the number of missed assignments allowed before an evaluation would be required to determine whether it is in a student's best interest to remain in independent study. The following paragraph specifies a maximum of three assignments and should be revised to reflect the Board's determination of the number of missed assignments that will trigger an evaluation. The number of missed assignments that will trigger an evaluation must be included in the student's written agreement.
	1	The student's achievement and engagement in the independent study program, as indicated by the student's performance on applicable student-level measures of student achievement and engagement specified in Education Code 52060	No change

For high schools, this shall include access to all courses offered by the district for graduation and approved by the University of California or the California State University as creditable under the A–G admissions criteria. CSBA NOTE: Education Code 51747, as amended by AB 130, mandates the Board to adopt policy that includes the provision of content aligned to grade level standards that is provided at a level of quality and intellectual challenge substantially equivalent to in-person instruction. For high schools, this requirement includes access to all courses offered by the district for graduation and approved by the University of California or the California State University as creditable under the A-G admissions criteria. See BP/AR 6143 - Courses of Study.
6		The Superintendent or designee shall ensure that students participating in independent study for 15 school days or more receive the following throughout the school year:	No change	CSBA NOTE: Education Code 51747, as amended by AB 130, mandates the Board to adopt policy that includes plans, by grade level, to provide students with specified levels of live interaction and/or synchronous instruction as described below and defined in the accompanying administrative regulation. This requirement only applies to students participating in an independent study program for 15 school days or more. According to CDE's "2021-22 AA & IT Independent Study FAQs," synchronous instruction for traditional independent study only counts toward meeting the minimum day requirements if students produce a work product that is evaluated for time value as an outcome from their participation in the synchronous instruction.

	1		For students in grades transitional kindergarten, kindergarten, and grades 1 to 3, opportunities for daily synchronous instruction	No change	
	2		For students in grades 4-8, opportunities for both daily live interaction and at least weekly synchronous instruction	No change	
	3		For students in grades 9-12, opportunities for at least weekly synchronous instruction	No change	
7			The Superintendent or designee shall ensure that procedures for tiered reengagement strategies are used for all students who are not generating attendance for more than three school days or 60 percent of the instructional days in a school week, or who are in violation of their written agreement. This requirement only applies to students participating in an independent study program for 15 school days or more. 	3	A plan for outreach from the school to determine student needs, including connection with health and social services as necessary	No change	
	4	A clear standard for requiring a student-parent-educator conference to review a student's written agreement and reconsider the independent study program's impact on the student's achievement and well-being	No change	CSBA NOTE: Education Code 51747 requires districts to hold a student-parent-educator conference as defined by Education Code 51745.5, at specified times, as reflected below and in the accompanying regulation.
	8	The Superintendent or designee shall develop a plan to transition students whose families wish to return to in-person instruction from independent study expeditiously, and, in no case later than five instructional days. This requirement only applies to students participating in an independent study program for 15 school days or more.	No change	CSBA NOTE: Education Code 51747, as amended by AB 130, mandates the Board to adopt policy that includes a plan to expeditiously, and not longer than five instructional days, transition students whose families wish to return to in-person instruction from independent study. This requirement only applies to students participating in an independent study program for 15 school days or more.
	9	The Superintendent or designee shall ensure that a written master agreement exists for each participating student as prescribed by law.	No change	CSBA NOTE: Education Code 51747, as amended by AB 130, mandates the Board to adopt policy providing that a current written agreement (i.e., the "master agreement") will be maintained for each student who participates in independent study and for whom apportionment is claimed. Education Code 51747 provides that no independent

				<p>study agreement can be valid for longer than one school year. For the 2021-22 school year only, Education Code 51747, as amended by AB 167, requires the district to obtain a signed written agreement for an independent study program of any length of time no later than 30 days after the first day of instruction in an independent study program or October 15, whichever date comes later.</p> <p>In addition, Education Code 51749.5 mandates the Board to adopt policy providing that a "learning agreement" be maintained for each student participating in course-based independent study.</p> <p>See the section "Master Agreement" below for required content of these agreements.</p>
10		<p>The district shall provide written notice to the parents/guardians of all enrolled students of the option to enroll their child in in-person instruction or independent study during the 2021-22 school year. This notice shall be posted on the district's web site, and shall include, at a minimum, information about the right to request a student-parent-educator conference before enrollment, student rights regarding procedures for enrolling, disenrolling, and reenrolling in independent study, and the instructional time, including synchronous and asynchronous learning, that a student will have access to as part of independent study.</p>	No change	<p>CSBA NOTE: For the 2021-22 school year only, the district must provide notice with specified components of the independent study option available through Education Code 51747. Education Code 51747, as amended by AB 130, requires that the written information, in addition to being written in English, be written in the primary language if 15 percent or more of the students enrolled in a district that provides instruction in transitional kindergarten, kindergarten, or any of grades 1 to 12, inclusive, speak a single primary language other than English, as determined from the census data submitted to CDE.</p>

			A written agreement shall be developed and implemented for each student participating in independent study for three or more consecutive school days.	Relocation of paragraph CSBA NOTE: Education Code 51747 mandates that, in order to receive apportionments for independent study, the district must adopt and implement policy providing for a signed written independent study agreement which contains the components listed in the following section. Because apportionments are only provided for independent study of three or more consecutive school days pursuant to Education Code 46300, as

				<p>amended by AB 130, written agreements are required only in such instances.</p> <p>Education Code 46300.7 states that apportionments shall be received for a student in independent study only if the district receives written permission from the parent/guardian before the independent study begins, specifying the actual dates of participation, methods of study and evaluation, and resources to be made available for the student's independent study. Since all these components are included in the written agreement which the parent/guardian must sign before the commencement of independent study pursuant to Education Code 51747, the parent/guardian's signature on the agreement satisfies the requirement to obtain the parent/guardian's written permission.</p> <p>For the 2021-22 school year however, the district must obtain a signed written agreement for independent study, of any length of time, no later than 30 days after the first day of instruction in independent study or October 15, whichever date comes later, pursuant to Education Code 51747, as amended by AB 167. This requirement is also applicable to independent study for a student who is unable to attend classroom-based instruction due to quarantine or school closure for COVID-19.</p>
